B4sales goes E-commerce

*Quality products...
Without the high Cost.*

If you are searching for quality cable, patch cord, and wire products, come to **B4 Sales,LLC** and take advantage of our more than 25 years of successful service in the industry. We sell high-quality, OEM nonbrand name products, so that you get the cable, patch cord, and wire quality you need without having to pay the inflated prices. Whether you need our products for your home or office, you can depend on the knowledgeable staff at **B4 Sales,LLC**.

Please visit our new E-commerce web-site with a complete line of competitively priced copper and fiber product. Along with our quality White Box products, B4Sales is now the East Coast Distributor of Dynacom Network Products. This addition allows B4Sales to provide a nationally recognized Name Brand at exceptional price.

Dynacom Corporation has supplied the telecom/datacom industry with voice, data, video and related hardware since 1984. Its Network Cabling Division's wide range of end-to-end connectivity solutions includes both commercial and residential networking product lines such as UTP/STP cable, fiber optics, coaxial cable, connectors, home media centers, and wire management hardware. Dynacom's commitment to quality and service enhances performance, value, and customer satisfaction.
